Still the Favorite. If you are contemplating a trip for business or pleasure it will be well to remember that the Burlington Route is still the favorite. Her old established line to Chicago hardly needs more than a mere mention for the reason that every man, woman and child in the country is so familiar with the fact that over this line runs the famous solid vestibule "ELI" with its splendid Pullman Sleepers, chair

cars and dining cars. Your attention is now called to our double daily service between Kansas City. Atchison, St. Joseph and St. Louis. Heretofore we had but one daily train from the Missouri river to St. Louis, that being a night train, placing passengers in St. Louis in the morning in time for breakfast and all eastern connections, but on account of the increasing demand another train has been put on and now leaves Kansas City, Atchison and St. Joseph in the morning, placing the passenger in St. Louis in the early evening of the same day.

Omana and Council Bluffs are put in rapid communication with the lower Missouri river points by two superb daily trains, one leaving Kansas City late in the morning and the other in the evening, making the run from Kansas City in about eight hours. The morning train carries a through buffet sleeping car to St. Paul and Minneapolis, placing the passenger in the twin cities twenty hours after leaving Kansas City.
